

Name of the Building:

City:

**Building Information and Energy Data**

Primary Data		Year
No	Item	Value
1	Connected Load (kW) or Contract Demand(kVA)	
2	Installed Capacity	
3	a)Annual Electricity Consumption ,Purchased From Utilities(kWh)	
	b) Annual Electricity Consumption, Through Diesel Generating (DG)/Gas Generating(GG) Set(s) (kWh)	
	c) Total Annual Electricity Consumption, Utilities+DG/GG Sets (kWh)	
4	a) Annual Cost Electricity, Purchased from Utilities (Rs.)	
	b) Annual Cost Electricity generated through DG/GG Sets(Rs.)	
	c) Total Annual Electricity Cost, Utilities+DG/GG Sets(Rs.)	
5	Area of the Building (Exclude Parking, lawn, Roads, etc.)	Built Up Area (sq m)(Excluding Basement Area)
		<ul style="list-style-type: none"> <li>• Conditioned Area (in sqm)</li> <li>• Conditioned Area (as % of built up Area)</li> </ul>
6	Working hours(e.g. day working /24 hour working)	
7	Working days/week (e.g. 5/6/7 days per week)	
8	a)Office	Total no. of employees
		Average no. of persons at any time in office During hours
	b)Hotels	No. of Guest Rooms
		Guest Overnight In the Year(% Occupancy)
	c)Hospitals	No. Of Patient Beds
Patient Overnights in the year (% Occupancy)		
9	Installed capacity of Air Conditioning System(TR)	a) Centralized AC Plant(TR)
		b) Window ACs (TR)
		c) Split ACs
		d) Total AC Load(TR)
10	Installed lighting load(kW) (if Available)	
11	Existing EPI(Energy performance Index) in kWh/sq. m/year Energy includes electricity purchased & generated(Excluding Electricity from any Renewable resources)	
12	No of Floors in the building	
13	HSD (or any other fuel oil used ,specify)/gas (liters/cu.meters) in the year consumption in DG/GG sets	
14	Fuel (e,g FO,LDO,LPG,NG)used for generating steam/water heat the year(in appropriate units)	

I hereby declare that the building is fully occupied for the last one year and all the above furnished information is true in all respect.
